**No Fear
NEW!**

MATH SKILLS FOR CAREER SUCCESS

Learn the math skills and applications needed for the world of work and health care positions.

Workshop #1 Decimals without Demands

Did you know that you use decimals on a daily basis for anything from paying for lunch, groceries and reviewing your paycheck?

➔ *Saturdays, September 11 and 18, 2010 / 9-12 noon*

Workshop #2 Making Sense of Fractions

GCF, LCD, LCM . . . if you think these are text or chat abbreviations then its time to take this workshop. Sharpen your working knowledge of fractions and their common use in the medical industry.

➔ *October 16 and 23, 2010 / 9-12 noon*

Workshop #3 Piece of Cake Percents

Chances are that if you use decimals and fractions then percents will be a piece of cake. You might be surprised to know that we use percents on a daily basis.

➔ *November 13 and 20, 2010 / 9-12 noon*

LOOK for More Great Workshop Topics:

Ratios and Proportions; Conversions, Weights and Measures; Measurements
